State manner in which water is to be diverted, whether by dam or other works,
distribution system
whether through pipes, ditches, flumes, or other conduits.

[illegible]

APPROVAL OF STATE ENGINEER

This permit to change the point of diversion of the waters of an underground source as heretofore granted under Permit 29063 is issued subject to the terms and conditions imposed in said Permit 29063, and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a weir or other type of measuring device at or near the well to facilitate the measurement and control of the water. If well is flowing, a valve must be installed and maintained to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at any and all times.
